

**SALIENT FEATURES OF RAJPORA LIFT COMMAND AREA
DEVELOPMENT
& WATER MANAGEMENT PROJECT**

1.	Name of the CAD project. (Whether new/continuing- Year of inclusion if continuing).	Command Area Development & Water Management Project Rajpora lift New (Under AIBP)
2.	Name of State and CADA implementing the Project.	Command Area Development & water Management Department Jammu & Kashmir
3.	Name of State, Districts and Blocks served by the Project Command. District wise area served by the Command in thousand hectares.	Jammu & Kashmir, Pulwama. (Rajpora Lift)
4.	Name, designation, address, phone, fax and e-mail of : a. Secretary level b. Chief Engineer level c. Administrator CADA d. SE level officers e. Organizational Structure	Chief Engineer Level Director CAD Kashmir Itrat hussain (KAS) 0194 2310121 0194 2311657 cadkashmir@yahoo.com Sanjeev Verma (IAS) Agriculture Production Commissioner, J&K Govt. 0194 2470357
5.	Financial source of the project at State level – Whether State funds or through loans or through corporations.	State Funds
6.	Estimated cost of the CAD project as originally envisaged at the time of inclusion under CAD programme.	361.28 lacs
7.	Has the CAD project executed through Foreign assistance at any stage wholly or partly? If yes details.	No

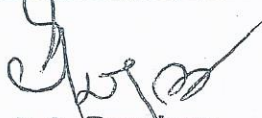

8.	Area served by the Command.					
	Gross Area of the Irrigation Project (Design)				2024 Ha.	
	CCA of the Irrigation project (Design)				1620 Ha.	
	Ultimate Irrigation Potential (Design)				2024 Ha.	
	Irrigation Potential created at the time of Inclusion under CADP				1620 Ha.	
	Irrigation Potential utilised at the time of inclusion under CADP				1035 Ha	
	CCA/IP	At Inception	Area covered up to end of XI Plan	CCA covered during 2016-17	CCA being covered during 2017-18	Targets for 2018-19
	CCA included under the CADP	-	-	-	-	-
	Irrigation Potential created	1620	1035	Nil	585	Nil
	Irrigation Potential utilized	-	-	-	-	-
Approximate year during which the irrigation potential is likely to be fully utilised.						2017-18
9.	Physical Progress/Targets details (in Th. ha):					
	Activity	2017-18				
	Field Channel	0.527				
	Field Drain	0.585				
	Warabandi	0.585				
	Micro Irrigation	0.058				
	Correction of system Def.	-	-			
	Rehabilitation of existing MI tanks	-	-	-	-	

10.	Financial Progress/ Targets (Rs. In lacs):								
	Estimated Cost (latest) with year	2017-18							
	State	155.37							
	Central	191.06							
	TOTAL	346.43							
10	Intensity of irrigation (Crop season wise and annual) (a) As projected in project Report (b) As envisaged after CAD				a). 80% b).157.22%				
02.	Cropping pattern (Area/Percent of CCA):								
	Crop name	As envisaged in the Project Report				Present			
		Kharif	Rabi	Perennial	Total	Kharif	Rabi	Perennial	Total
	Paddy	950	-	-	950	805	-	-	805
	Maize Irrig.	30	-	-	30	195	-	-	195
	Vegetables	80	120	--	200	60	80	-	140
	Orchards	560	-	-	560	560	-	-	560
	Oil seed	-	410	-	410	-	330	-	330
	Fodder	-	400	-	400	-	320	-	320
	TOTAL	1620	930		2550	1620	730		2350

13.	Whether consolidation of holdings would be necessary, if so, is there an enabling/ compulsory legislation. Status of consolidation of holdings in the State.	Not necessary
14.	Is it proposed to set up a new Command Area Development Authority (for new projects), if so. (a) The year by which this would be done. (b) What is likely level of appointment to the post of Administrator/Chairman? (c) Proposed Organization structure.	a). No b). No
15.	Area affected by water logging (ha.)/ salinity/alkalinity and indicate the norms for taking areas under water logging (enclose depths to groundwater map) a. any projects been taken up in the past? If so provide details of works included and completed estimated cost and present expenditure. b. Extend of balance area to be covered. c. Area proposed to be covered during X Plan (2004-07).	Nil a). No b). Nil c). No
16.	(a)Range of other activities to be undertaken under the CAD programme (please indicate yes or no) i) Consolidation of holding ii) Roads iii) Regulated markets iv) Modernisation of the system v) Processing industries vi) Change in cropping pattern/ practices vii) Intensive Agriculture Extension viii) Other (Specify) (b)Present status of above CAD activities.	i). No ii).No iii).No iv). No v). No vi). No vii).No viii).No Nil
17.	Information regarding small/marginal farmers: a. Total CCA b. Area held by marginal farmers (up to 1 .00 ha.) c. Area held by small farmers (up to 1.01 to 2.00 ha.) d. Percentage of marginal holdings to total number of holdings e. Percentage of small holdings to total number of holdings.	a. 1620 Ha. b. 1053 Ha. c. 560 Ha. d. 65% e. 35%

18.	i) What is the percentage (of total population of Scheduled Tribes in the command area ii) What is the percentage (of total population of Scheduled Castes in the command Area.	i. 5% ii. Nil
19.	Whether irrigation component of the Project has been cleared by Planning Commission, if so the letter no. and date of clearance.	The project area is cluster of irrigation kuls having CCA below 2000 Ha.
20.	Whether CAD component of the Project has been cleared by Planning Commission, if so date of clearance.	The project area is cluster of irrigation kuls having CCA below 2000 Ha.
21.	Whether provision for taking up of the project has been made in the 12 th plan.	Yes
22.	Whether the project report along with the related maps has been enclosed or not along with above data.	Yes
23.	Total time required for completion of CAD&WM Project	1 year
24.	Cost of the CAD&WM Project as proposed and year-wise and Plan-wise phasing of expenditure.	348.37 lacs year-wise and Plan-wise phasing of expenditure is enclosed

K.H. Shah (Khaki)
Assistant Survey officer,
CAD, Pulwama

F.A. Dandoo
Soil Conservation Asstt.
CAD, Pulwama

(A.H. Dar)
Assistant Soil Conservation Officer,
CAD, Sub-Division Pulwama
